HOW TO CONNECT TO PROJECTORS

For use of the data projector, please follow the instructions listed below:

- 1. Connect to LifeWays or LW-Guest wireless, password = lifeways1200
- 2. On the Projector:
 - a. Turn on the projector:
 - b. If the projector is not displaying a blue screen with the projector name, ip address, and keyword; press the LAN button on the remote control which located in the upper right of the remote.
- 3. Open the Epson EasyMP Network Projection v2.86 software.
- 4. Select "Advanced Connection Mode" and hit OK. You will receive notice that no projector was found, select "OK".
