HOW TO SET UP VOICEMAIL ON AN IPHONE

IT Tips & Tricks

1. Open the **Phone** app.

2. Tap the **Voicemail** icon in the lower right corner of the screen.

3. If Visual Voicemail is not set up on your iPhone, you'll see a button that says, **Set Up Now**. Tap that button.

4. Enter, then confirm a custom voicemail password.

5. Tap **Custom** if you want to create your own custom greeting when someone reaches your voicemail box.
